August 2009

Public Opinion Survey
Lafayette Parish, Louisiana

ABOUT THE POLL

This poll was developed and conducted by Southern Media & Opinion Research, Inc., for REDFLEX Group. The poll was designed to address the opinions of Lafayette Parish, Louisiana, voters on traffic safety issues and the use of traffic cameras for red light running and speeding. The poll replicates in part an earlier survey conducted in April 2008.

Interviews were completed by telephone with 400 Lafayette Parish voters. The initial set of 26 interviews were conducted as part of a statewide sample from Wednesday, July 22, through Thursday, July 30, 2009. The remaining 374 interviews were conducted as an oversample from Monday, August 3, through Sunday, August 9, 2009.

The sample error for the statistics obtained from the sample of 400 Lafayette Parish voters is not greater than plus or minus 4.9 percentage points at the 95% level of confidence. In other words, there is a 95% certainty that the statistics presented for the results obtained on this survey are not more than 4.9 percentage points above or below the figure that would have been obtained if all of the voters in Lafayette Parish would have been interviewed.

The sample error may be larger for subgroup responses, such as those based on respondents by demographic, geographic and other variables. There are other sources of potential error which cannot be calculated including question wording and order of question presentation.

The sample was drawn at random from a listing of telephone numbers for likely voter households in Lafayette Parish.

FREQUENCY RESPONSES—LAFAYETTE PARISH

SAMPLE SIZE (n=400)

SMOR 3014
v2 7.20.09

ID

Hello, this is (____) with Southern Media & Opinion Research.
We are calling Louisiana voters to get their opinions
on several traffic safety issues.

PARISH

1. Are you registered to vote in Louisiana YES..... 100.0
(If no, ask to speak with a registered voter;
schedule call-back if necessary)

2. Which of the following do you believe is the most frequent traffic
violation that occurs in Louisiana: running red lights, speeding, running
stop signs, or drunk driving?

SPEEDING..... 44.3
RUNNING RED LIGHTS..... 23.5
DRUNK DRIVING..... 23.0
RUNNING STOP SIGNS..... 2.3
(OTHER—specify:)
OTHER..... 1.0
CELL PHONES USE WHILE DRIVING/TEXTING..... 0.5
ALL OF THE ABOVE..... 0.3
(DNK/WS)..... 5.3

3. These next few questions are about running red lights. How would you
define running a red light: 1)entering an intersection on yellow and the
light turns red; 2)entering an intersection on red; or 3)some other way?

ONLY WHEN YOU ENTER THE INTERSECTION ON RED..... 64.3
ENTERING AN INTERSECTION ON YELLOW AND THE LIGHT TURNS RED..... 32.3
BOTH OF THE ABOVE..... 0.5
(DNK/WS)..... 3.0

4. How dangerous do you believe that red light
running is to drivers, their passengers and
people in other vehicles in Louisiana:
extremely dangerous, very dangerous, somewhat
dangerous or not dangerous? EXTREMELY DANGEROUS.... 61.3
VERY DANGEROUS..... 28.8
SOMEWHAT DANGEROUS..... 9.3
NOT DANGEROUS..... 0.3
(DNK/WS)..... 0.5

5. How much of a problem do you believe red light
running is in Louisiana: would you say it is
an extremely big problem, a big problem,
somewhat of a problem or not a problem? EXTREMELY BIG PROBLEM.. 13.5
BIG PROBLEM..... 44.5
SOMEWHAT OF A PROBLEM.. 35.0
NOT A PROBLEM..... 3.5
(DNK/WS)..... 3.5

6. Over the last several years, do you think red
light running has increased, decreased
or stayed the same? INCREASED..... 47.5
DECREASED..... 16.8
STAYED ABOUT THE SAME.. 27.8
(DNK/WS)..... 8.0

7. How often do you witness drivers running red lights: more than once a day, at least once a day, several times a week, several times a month or very rarely?
- | | |
|---------------------------|------|
| MORE THAN ONCE A DAY.... | 8.3 |
| AT LEAST ONCE A DAY.... | 18.3 |
| SEVERAL TIMES A WEEK... | 25.3 |
| SEVERAL TIMES A MONTH.. | 21.3 |
| VERY RARELY..... | 23.5 |
| (DON'T SEE ANYONE RUN) .. | 0.5 |
| (DNK/WS) | 3.0 |
8. These next few questions are about speeding. How would you define speeding: 1) traveling up to one mile per hour over the speed limit, 2) traveling up to 6 miles per hour over the speed limit or 3) traveling up to 11 miles per hour over the speed limit?
- | | |
|--|------|
| TRAVELING UP TO 1 MPH OVER THE SPEED LIMIT..... | 12.8 |
| TRAVELING UP TO 6 MPH OVER THE SPEED LIMIT..... | 52.8 |
| TRAVELING UP TO 11 MPH OVER THE SPEED LIMIT..... | 32.3 |
| (DNK/WS) | 2.3 |
9. How dangerous do you believe that speeding is to drivers, their passengers, and people in other vehicles in Louisiana: extremely dangerous, very dangerous, somewhat dangerous or not dangerous?
- | | |
|-------------------------|------|
| EXTREMELY DANGEROUS.... | 33.0 |
| VERY DANGEROUS..... | 30.3 |
| SOMEWHAT DANGEROUS.... | 32.8 |
| NOT DANGEROUS..... | 2.5 |
| (DNK/WS) | 1.5 |
10. How much of a problem do you believe speeding is in Louisiana: would you say it is an extremely big problem, a big problem, somewhat of a problem or not a problem?
- | | |
|-------------------------|------|
| EXTREMELY BIG PROBLEM.. | 20.8 |
| BIG PROBLEM..... | 37.5 |
| SOMEWHAT OF A PROBLEM.. | 35.5 |
| NOT A PROBLEM..... | 3.8 |
| (DNK/WS) | 2.5 |
11. Do you support or oppose the use of cameras:
- | | STRONGLY
SUPPORT | SUPPORT | (NEUTRAL) | OPPOSE | STRONGLY
OPPOSE | (DNK
/WS) |
|---|---------------------|---------|-----------|--------|--------------------|--------------|
| a. at intersections with red lights | 27.0 | 32.5 | 8.8 | 11.3 | 17.3 | 3.3 |
| b. to detect speeding | 24.5 | 34.0 | 7.5 | 12.5 | 18.0 | 3.5 |
12. Do you believe that the use of cameras will reduce the number of people who:
- | | YES | NO | (DNK/WS) |
|-----------------------------------|------|------|----------|
| a. drive through red lights | 73.0 | 21.5 | 5.5 |
| b. speed | 66.5 | 27.8 | 5.8 |

13. Which one of the following statements best describes your opinion about automated traffic cameras: 1) I want cameras because they reduce accidents, 2) I want cameras because they make drivers pay more attention to their own driving behavior; 3) I do not like cameras because they are an invasion of privacy, or 4) I do not like cameras for some other reason.

I want cameras because they reduce accidents.	15.8
I want cameras because they make drivers pay more attention to their own driving behavior.....	51.3
I do not like cameras because they are an invasion of privacy	14.8
I do not like cameras for some other reason	16.5
(DNK/WS)	1.8

15. Based on what you've heard or read, would you say the media coverage of the traffic camera program has been mostly positive or mostly negative?
- | | |
|-----------------------------|------|
| MOSTLY POSITIVE..... | 35.3 |
| MOSTLY NEGATIVE..... | 41.0 |
| (DNK/WS) (SKIP TO Q17) | 23.8 |

(n=305)

16. Do you agree or disagree with the (mostly positive/mostly negative) media coverage of the traffic camera program?
- | | |
|----------------|------|
| AGREE..... | 54.8 |
| DISAGREE..... | 37.7 |
| (DNK/WS) | 7.5 |

17. Why do you (agree/disagree) with the (mostly positive/mostly negative) media coverage of the traffic camera program?
(RECORD UP TO TWO RESPONSES)

TOP TEN RESPONSES (n=282)

GOOD THING/SUPPORT IT/NEED IT/POSITIVE	19.9
MAKES PEOPLE MORE ALERT/AWARENESS	18.8
SAFETY/PREVENTS ACCIDENTS	17.0
KEEPS SPEEDING DOWN/REDUCE SPEEDING	7.1
INVASION OF PRIVACY/VIOLATION OF RIGHTS	6.4
DON'T LIKE IT/AGAINST IT	4.3
DON'T KNOW/WON'T SAY	4.3
IF NOTHING TO HIDE WHY OPPOSE/GUILTY PARTY COMPLAINING	3.5
ONE SIDED	3.5
MEDIA IS ALWAYS NEGATIVE	3.2
MAKES MORE PROBLEMS/CAUSES MORE ACCIDENTS/REAR END WRECKS	2.8
THINK POLICE SHOULD DO IT/USE OFFICERS	2.5
MONEY MAKING SCHEME	2.5

18. In thinking about the use of technology today, do you agree or disagree with the use of the following technologies:

	AGREE W/ USE	DISAGREE W/ USE	(DNK /WS)
(RANDOMIZE)			
a. Security Cameras at automatic teller machines	97.3	2.0	0.8
b. Security Cameras in department stores	94.5	2.8	2.8
c. Video Cameras in Police Squad cars	95.3	2.0	2.8
d. Video Cameras at rail grade crossings (where cars cross over rail tracks)	78.0	12.5	9.5
e. Video Cameras to monitor red light running	73.8	22.5	3.8
f. Video Cameras to monitor speeding	66.3	29.3	4.5

19. In thinking about the use of technology today, do you feel safer or less safe with the use of the following technologies:

	<u>FEEL SAFER</u>	<u>FEEL LESS SAFE</u>	<u>(DNK /WS)</u>
a. Security Cameras at automatic teller machines	88.5	1.5	10.0
b. Security Cameras in department stores	79.0	3.0	18.0
c. Video Cameras in Police Squad cars	88.5	2.0	9.5
d. Video Cameras at rail grade crossings (where cars cross over rail tracks)	68.3	6.3	25.5
e. Video Cameras to monitor red light running	73.0	10.5	16.5
f. Video Cameras to monitor speeding	68.0	13.0	19.0

20. Do you think it is a violation of a person's constitutional rights when cameras are used:

	<u>YES</u>	<u>NO</u>	<u>(DNK/WS)</u>
a. to monitor red light running	19.5	72.0	8.5
b. to monitor speeding	21.8	72.0	6.3

21. Do you think cameras used to monitor red light running increase the number of accidents or reduce the number of accidents?

INCREASE ACCIDENTS..... 11.3
REDUCE ACCIDENTS..... 70.3
(DNK/WS)..... 18.5

- 22a. Do you think cameras used to monitor red light running increase the number of people injured in traffic crashes or reduce the number of people injured in traffic crashes?

INCREASE INJURIES..... 7.0
REDUCE INJURIES..... 71.0
(DNK/WS)..... 22.0

- 22b. Do you think cameras used to monitor red light running increase the number of people killed in traffic crashes or reduce the number of people killed in traffic crashes?

INCREASE FATALITIES..... 4.5
REDUCE FATALITIES..... 72.5
(DNK/WS)..... 23.0

23. Some people say that the state legislature should outlaw the use of traffic cameras because they are a violation of a person's constitutional right. Other people say that we need to allow the use of traffic cameras because women and children are being killed by people who speed and run red lights and the use of cameras will save lives. Which do you agree with more?

VIOLATION OF RIGHTS.... 22.3
ALLOW TRAFFIC CAMERAS.. 68.8
(DNK/WS)..... 9.0

24. To the best of your knowledge, are cameras used in your community to monitor:

	<u>YES</u>	<u>NO</u>	<u>(DNK/WS)</u>
a. red light running	92.5	4.0	3.5
b. speeding	85.3	5.5	9.3

25. Would you want cameras used in your community to monitor:

	<u>YES</u>	<u>NO</u>	<u>(DNK/WS)</u>
a. red light running	70.5	23.3	6.3
b. speeding	64.8	28.5	6.8

These last few questions will help us sort your responses with those of the other people participating in our survey.

D1. What is your age? Are you: (read categories)	UNDER 35.....	12.8
	35 - 49.....	22.5
	50 - 64.....	39.5
	65 OR OVER.....	24.5
	(WS)	0.8
D2. Are you registered to vote as a Democrat, Republican or some other way?	DEMOCRAT.....	38.5
	REPUBLICAN.....	33.3
	OTHER.....	17.3
	(DNK/WS)	11.0
D3. What is the highest grade you completed in school?	LESS THAN HIGH SCHOOL...	3.5
	HIGH SCHOOL GRAD.....	24.0
	SOME COLLEGE.....	26.0
	COLLEGE GRADUATE.....	46.0
	(DNK/WS)	0.5
D4. (Verify as necessary) Are you male or female?	MALE.....	45.8
	FEMALE.....	54.3
	(WS)	0.0
D5. What is your race?	WHITE.....	81.0
	BLACK.....	15.5
	OTHER.....	3.5
	(WS)	0.0

RESPONSES TO THE QUESTION (Q2):

Which of the following do you believe is the most frequent traffic violation that occurs in Louisiana:...running red lights, speeding, running stop signs, or drunk driving?

	SPEEDING		RUNNING RED LIGHTS		DRUNK DRIVING		DON'T KNOW/ WON'T SAY		RUNNING STOP SIGNS

RESPONSES TO THE QUESTION (Q23):

Some people say that the state legislature should outlaw the use of traffic cameras because they are a violation of a person's constitutional right. Other people say that we need to allow the use of traffic cameras because women and children are being killed by people who speed and run red lights and the use of cameras will save lives. Which do you agree with more?

SMOR 3014—Lafayette Parish

Responses to Question (Q17):

“Why do you AGREE with the MOSTLY POSITIVE media coverage of the traffic camera program?”

<u>ID</u>	<u>RESPONSE</u>
369	Because I feel that they are going to learn that they can't speed or run red lights; they know there are cameras so they will be careful
1479	Because I think that they are just trying to make people to follow the rules; some of the editorials are very biased in a negative form, the TV lets it up to the individual to decide
3722	Because the media says mostly for safety sake and I agree with that
5739	Think as long as they have the statistics to back it up and it carries the weight
7195	I think it helps the problem in Louisiana and makes them more obvious of what's going on
200033	Because it's positive and it helps the traffic to be better
200086	Makes me more aware of my own behavior; the answer is not to go faster to make it through the light, it's to slow down and stop; the positive coverage helps everyone; if it takes that, then let's be better drivers
200102	They are trying to explain accidents or deaths
200105	It looks like they pay more attention
200212	Intention is to make the road safer, to me that's what it is doing
200246	I think there are people who will complain about anything and it's a common sense thing; it's illegal and anything that would enforce that is a good thing
200271	Because it's the news
200346	People will pay attention to their driving; and that will reduce accidents
200361	Public awareness
200363	I just do
200392	Because I was on the road for 50 years truck driving, and I'm sure it helps
200397	Because I think people need to be aware that the cameras are there and awareness will help them obey the laws
200469	It makes people more aware of what's going on
200586	Because it brings about an awareness of problems and helps alleviate problems to a degree
200596	If it helps and makes people drive more responsibly it's a good thing
200685	Because I want to lessen the accidents
200782	It gets the attention; hopefully they will learn something and it will help them out
200841	I have seen drivers looking at the traffic signals
200892	Get word out cameras are there
200953	It gives drivers a heads up, and prepares them to slow down, and to watch out for signals
200964	I think it makes the public more aware of what's going on
201061	Because I think it's making people aware and it'll prevent accidents; we don't have to go at break neck speed to get where we're going; people need to take more time
201180	Lack of cops and officers so when they can't be there, the cameras are always there
201202	To protect everyone; people aren't paying attention so when they know the cameras are there they tend to slow down and it makes them more aware of their driving
201220	I think people pay more attention because it keeps them on their toes
201264	It's working; do the crime do the time
201313	I think that the cameras are a good thing
201336	Because it's making people slow down at red lights and making people quit speeding so much
201339	There is just so many accidents that happen, anything you do that will deter that, benefits all of us; if the cameras will help then so be it
201359	It let's people know to be aware of cameras

SMOR 3014—Lafayette Parish

Responses to Question (Q17):

“Why do you AGREE with the MOSTLY POSITIVE media coverage of the traffic camera program?” (continued)

<u>ID</u>	<u>RESPONSE</u>
201486	I think it saves lives
201507	It is a plus in most aspects of it;
201559	My opinion
201701	I agree because the cameras will catch what the troopers will not
201737	I think it helps; it catches people that are speeding and whatever
201788	I think it makes people aware of what's going on
201790	Makes people watch their speed
201893	Because I think that it reinforces and reminds people to slow
201942	I see it's working
202049	Because it helps people to pay more attention to their surroundings
202055	Slow down traffic
202118	Needs to be advertised more for reasons behind it
202235	Because it should make people slow down and not speed as much; it makes them aware
202277	Because I like that it convinces people that it actually works
202328	Makes people aware and be careful
202333	Because people know not to run red lights and they're going to be watching for the other people
202390	Because I think it's going to make us more aware of what we're doing wrong
202396	It could save a lot of lives; it makes people more cautious and pay attention at the lights
202570	Because I have experienced it
202631	It makes everybody aware of the problems we have on the road
202641	It is saving lives in our community and are catching people who they do need to catch
202676	Because it makes everyone aware that there are traffic cameras
202709	Because I personally support the program; helps police take on harder jobs
202759	If it can decrease the number of accidents it's is a good thing
202828	The media has a tendency to blow things out of proportion but I agree because you shouldn't be doing this to begin with
202925	I think it helps make less accidents
202944	I think that people are more aware of them which makes people look for cameras before they run the lights or speed
203005	Because they portray as positive; is not being blown out of proportion by the media
203122	Cause it is keeping people safe
203222	I think it would be good for accidents and regulate speeding
203287	If it can prevent one accident I think it's great
203303	If you are breaking the law you shouldn't; they save lives
203318	Because it reduces accidents, and because of the cameras people are more cautious
203325	Because then people will realize it is working
203331	It lets us know what's going on with what is working and not working
203332	It forces people to obey traffic laws
203489	Cameras can help tell who's right and who's wrong
203640	I think it brings down traffic accidents
203692	I think it's effective in reducing traffic violations
203711	I think they have been saying it is reducing the number of wrecks and speeders; that shows positive results from the cameras

SMOR 3014—Lafayette Parish

Responses to Question (Q17):

“Why do you AGREE with the MOSTLY POSITIVE media coverage of the traffic camera program?” (continued)

<u>ID</u>	<u>RESPONSE</u>
203733	Because it's helping
203737	I'm just guessing that the coverage is good
203742	Catches speeders and red light runners and tickets them so they won't do it again
203937	It's serving a purpose and I've been caught 3 times by it
203987	It's just a known fact; we need to improve it and put up more cameras
204203	Because it reduces accidents and it makes people more aware
204232	Because I believe it makes us safer when we get on the road, and it saves lives
204242	Because it's going to save lives and it's the truth
204260	Because I think the speeders will slow down, and the media is bringing that point
204262	Because it's helping everything out and helping to decrease and making people aware of their driving
204312	Because I think it helps people avoid and watch what they are doing
204329	Because they are informing the public that cameras are out there
204343	Because it could help pedestrians and give them more support crossing streets
204361	I agree with it because I think that it does bring more awareness and I think it is a very positive thing and will help people slow down
204408	Because those who get a ticket will slow down and start paying more attention
204470	Because it lets people be aware of how they're driving
204524	Because it's making more people aware and looking at everything around them; I think it will hopefully reduce teen accidents
204543	Because if people have more respect they wouldn't drive through red lights and they know there's a camera that's going to get them
204645	Because it actually makes people aware and look around
204777	Because it's going to prevent intersection accidents
204814	Because cameras keep their eyes on everything that's going on
204834	I see it has helped
204859	I agree because it creates more awareness with drivers
204977	I think it's teaching people how to drive more carefully
205080	Because I think they help reduce accidents
205155	I think that whether you catch somebody speeding or running a red light thru person or camera there's not a whole lot of difference
205210	Because it saves lives
205328	I guess more people would agree with it
205344	I think it's helpful

SMOR 3014—Lafayette Parish

Responses to Question (Q17):

“Why do you AGREE with the MOSTLY NEGATIVE media coverage of the traffic camera program?”

<u>ID</u>	<u>RESPONSE</u>
1986	We don't need cameras on
3910	Because the ones that are complaining are the people that got tickets
8282	Because I don't like it
10049	I don't feel it is law enforcement responsibility
10144	I feel like the media thinks it's an invasion of privacy
11884	I think the people are the ones who are negatively talking about it; the people think it's an invasion of privacy because they are the ones getting caught
200014	I disagree with the way it's used; the placement itself in the city; less dangerous streets have many cameras and some of the dangerous streets have none; the dangerous ones aren't monitored
200128	Because I don't think that it is legal; you have no leeway in it; you can run one mile under and they got you
200143	I just feel that they are unconstitutional
200161	The lights weren't staying green long enough so people continue to run the lights and I think they addressed that issue
200302	Overrated; cameras don't do job of policeman
200518	I oppose them because they can mistake someone driving the vehicle for someone else and send the wrong person a ticket
200549	Because I think it's too much of an invasion of privacy
200745	Because I don't think it should be there
200766	It's because of the location that they put them; they put them where the speed decreases and I think that is very unfair
200867	Too much on traffic
201033	I have been a victim of a wrongful traffic picture taking; it was the car next to mine and I got the ticket
201091	It was intended for running red lights and they are trying to use it for other things now
201106	They have them in mostly predominately black area
201107	When the camera issues a ticket it is often time inaccurate
201131	I think it is positive in some ways to help reduce speeding, but I do feel it's really a ploy for income revenue
201315	It is just causing more safety issues with the people working for them
201354	Because I don't like the cameras
201500	It was in a negative response of what we have to look out for; not because I have gotten 3 tickets since it first began, it has made me very cautious cause I don't want to pay the tickets not because I'm a bad driver
201533	Because I'm bothered by invasion of privacy
201535	Because I think it's going to stop many accidents
201543	It is an invasion of privacy
201555	Because I oppose the cameras and it's good to see people who agree with me
201861	Only side hearing
201939	Because it makes sense, the city is not getting but 2 percent of that
202029	Because since the cameras have come out I don't see police pulling people over and people slow down only when cameras are present
202137	Because of the selection of where they put the cameras

SMOR 3014—Lafayette Parish

Responses to Question (Q17):

“Why do you AGREE with the MOSTLY NEGATIVE media coverage of the traffic camera program?” (continued)

<u>ID</u>	<u>RESPONSE</u>
202160	They always point out the bad, they never point out good
202224	One is on a route I use and when it's approached they slow down then they start speeding again after they pass
202267	The police should be out there enforcing it; with camera you never know what the situation is or who's driving; I just don't think that the cameras are fair
202484	Because there is no way you could fight the ticket, for example if you were going to hospital
202512	I guess they don't realize how bad Lafayette is getting to be running red lights
202555	Bright flashes is dangerous at night, blinding drivers into accidents; are not accurate
202789	Because I feel that you should be able to confront your accusers in jail, and that they are only concerned with generating income
202823	Just because it doesn't save or decrease accidents, unnecessary risk for drivers and a waste of money; Mobile, Alabama had cameras, they had a camera program for one and half years and increased revenues for state
203002	I think it's an invasion of privacy because we got plenty of policeman in Lafayette
203008	I just don't agree that the government should have that type of surveillance
203056	Because it reflects my opinions as well
203282	The people are complaining very much
203493	It causes people to stop because they get scared; sometime they stop too fast and cause accidents
203836	It has no margin for error
204204	Because I think the circumstances are not just black and white
204241	Because I think they need to have police on the roads
204874	Because I don't think it's a good think and I think it's a money making scheme and invasion of privacy
204885	Because I think it's good
204916	It causes more problems than good
204925	I agree mainly because I just don't care for the cameras and there was too many cameras in a small area, and they were not spread out
204991	Because I think it's an invasion of privacy
205023	Because it causes a bunch of problems, and in some circumstances you have to speed
205179	Because I think it's an invasion of privacy

SMOR 3014—Lafayette Parish

Responses to Question (Q17):

“Why do you DISAGREE with the MOSTLY POSITIVE media coverage of the traffic camera program?”

<u>ID</u>	<u>RESPONSE</u>
11593	Because it's not a balanced view
13133	Because I don't agree with where their money goes
200368	Because they're not covering the whole side of the stories and they are not digging deep enough to get true stats
200555	Constitutional rights
200585	Don't think that the red light running or speeding in the area of the city I'm in is a problem, it's all just to make money
200592	Because they are telling the whole truth, it's public safety; it's about public revenue
200658	It's not effective in stopping crime
200762	I think they are putting a spin on it that it's going to reduce accidents and it does the opposite; too many people are hitting their brakes to avoid a ticket and getting in an accident
201332	Previous statements
201692	I don't think it's illegal; I don't think it lets people go through the proper court system; you have to trust machines to be calibrated right; it's not right
201996	It doesn't help; people know where to slow down
202318	They aren't telling the whole story; some go through because they are already over and you get trapped; you can't back up but you are already blocking traffic and you can't go forward because you'll run it
203029	Because it is an invasion of privacy
203172	It's one sided and I don't think it represents the views of voters
203272	The coverage has been inaccurate
203610	Media is trying to put a spotlight on people running red lights
204061	I am a cop and that's my job - to catch people; shouldn't be up to a camera
204129	The media is more concerned with the fines; it's mainly a fund raiser
204141	They write what the government publishes in the memo
204647	Because I don't think they're really getting people's true opinions and it's not marketed correctly
204869	I don't know, I just disagree with it

SMOR 3014—Lafayette Parish

Responses to Question (Q17):

“Why do you DISAGREE with the MOSTLY NEGATIVE media coverage of the traffic camera program?”

ID	RESPONSE
1289	Media has been kind of neutral; more from lawsuits from particular people; don't feel media picks sides
2457	People that don't like it are the ones receiving the red light traffic violation
3325	I think the traffic cameras are working
4829	I think we should have cameras to help drivers; they don't pay attention
7404	It's too negative; it's a good thing and not a bad thing
7408	I believe they slow people down
8590	People don't like them and it's a violation and people have to watch their speeding and running lights; I don't like the cameras; it's just like the internet; a lot of it is a violation of people's rights
200207	I think people who have a fault with the cameras don't want to stop speeding and drive the way they should
200280	I don't feel like it's a bad thing but I don't like the vehicles cameras
200285	I have gotten a ticket off the camera and it has reduced my speed
200404	The coverage tends to highlight well known public officials and that gives a bad impression
200504	I don't disagree with the program
200527	A lot of the coverage is true, people just using it as a crutch
200534	Because I support cameras
200568	I disagree with it because I feel it's necessary but not if people would follow the rules it wouldn't be necessary because I do not violate the rules
200616	Because I think it will hold down the number of accidents; which is something positive
200630	Because I believe it promotes safety and cameras can catch accidents
200692	Because we need the camera's to ensure the safety of drivers
200756	Because the people complaining are the people who got caught
200834	Because we need to not speed and run red lights
201055	People say that it is an invasion of privacy, when you drive on public highways you lose your privacy inadvertently
201093	The way it is
201305	I think more voice is being given to those who object to the cameras than those who object
201306	I think if you speed or run red lights you should pay the price
201367	It has slowed down traffic and reduced accidents; the media should increase the coverage of the hard data that shows it's helping
201438	Keeps drivers on their toes; the presence of the cameras will keep drivers more aware of their surroundings
201498	They will help
201542	Overdo it; get people mad
201593	Because it has more benefits, it brings the law enforcement more revenue which they deserve and it curtails at least some of the violations
201649	Because they seem to be self-serving opinions
201658	Because they don't always portray the real story
201683	It's a good thing
201742	At times it has its benefits
201863	They're just really out of hand with it
201912	I think the negative coverage makes people upset that wouldn't be otherwise

SMOR 3014—Lafayette Parish

Responses to Question (Q17):

“Why do you DISAGREE with the MOSTLY NEGATIVE media coverage of the traffic camera program?” (continued)

<u>ID</u>	<u>RESPONSE</u>
201960	Because I think that the media paints the issues in a bad light; they try to make it an issue of privacy
201966	Because most of it is just people being stupid and not thinking about the positive things
202077	Because I like the cameras; I think they're good and they do make people pay closer attention
202125	Everybody who has a problem says it's an invasion of privacy but I feel like it's safer and at the expense of our lives I think it's worth it
202133	Because I think it's a good thing
202165	Because I think they are great and a good idea; they slow people down; they also make people pay more attention and be aware to how they drive
202193	Telling where cameras are
202331	Because I think it's for everyone's own good
202339	Because I'm tired of people breaking the law and getting away with it
202377	I don't find that is an invasion of privacy because I approve of the use of cameras at intersections
202379	It does reduce accidents
202520	Because it's a safe issue, if there's something that could be done about decreasing accidents, I support any steps that can be taken
202521	Because I think that the cameras work, and the media says that they do not
202534	Because I think that there should be more media coverage of the traffic camera program because it stops people from speeding
202557	Because they interview people that don't like it all the time and my word to them is if you're following the law
202559	Because I don't think that the media coverage should be biased about any they report
202619	Because I think it is good; it is a thing and because it is going to help all of us
202634	I think that they don't report on how well they are working they only report on peoples' reactions
202760	I think it helps people be aware; people are complaining because they get caught breaking the law
202829	The red light cameras make people more observant and if they are more observant there is less accidents
202832	Because they are biased
202835	The media only portrays a skewed version of the traffic camera program
202844	Because it's reducing a lot of problems we are having
202877	Because they are too busy focusing on the issues of people trying to take the program to court
202903	Because I think that the cameras make it safer
202904	I think those people who drive safely are more aware of the traffic violations not being policed; the negative is always blown out of proportion
202954	It saves lives
202955	Because I support traffic cameras
202960	Because I think that the media should not tell the people what is right or wrong
203020	The program is designed to benefit the public
203024	I don't think that they are giving the program a fair shot

SMOR 3014—Lafayette Parish

Responses to Question (Q17):

“Why do you DISAGREE with the MOSTLY NEGATIVE media coverage of the traffic camera program?” (continued)

<u>ID</u>	<u>RESPONSE</u>
203107	I think it will make it safer for drivers
203254	Because it benefits the driver
203308	It helps things and keeps police from doing traffic control so they can take care of other things
203339	People go over the speed limit when no cameras are in place
203537	They're saying that it invades your privacy and the minute you get into a car and drive on public road it's no longer private; you're putting other people at risk through your ability to drive skillfully
203554	I think it's a good idea; it reduces accidents and pay more attention
203571	I think it's a good thing; if I ever broke the law I'd expect to pay a fine
203604	It just weighs it one way and doesn't show statistics for reduction are not reported
203685	Because it's mostly negative and not any positive
203807	Because I think they're doing their jobs; the cameras and everything are making people more aware
203955	Reduces number of accidents; doesn't go on driving record or affect insurance but you still have to pay, so it's still effective
204042	Driving is a privilege not a right
204046	Because you shouldn't be speeding to begin with
204271	The recent groups that are trying to oppose the cameras say it's an invasion of privacy and I don't agree with that
204328	People pass it as their law and if they want to change, they should change the law
204366	I'm for it
204373	Because they put too much emphasis on it and it's a cost of tax payer money and we weren't even asked if they can do it first
204428	It's a positive program and they should put it in a positive light
204836	Because they make it look like it's a invasion of privacy, and I don't think that it is
204849	Because it's usually from someone who's complaining about a ticket
205021	It's needed
205144	Because I approve of the program, because it saves lives and cuts back on speeding
205301	Just don't like it
205368	Because I think it's good for preventing accidents
